To the extent that those other provisions are inconsistent with this Section, they shall control. If so determined, the Town Board may permit a variance from the terms and provisions of this Ordinance provided that:

10. The presently substandard lot met the regulations under pre-existing Ordinances, except under #4 above in this section.

Upon consideration of the criteria listed above, and in the event the Town Board decides to grant the requested variance, the Town Board may attach such conditions, in addition to any other conditions
